Summer Berries Salad with Passion fruit Vinaigrette

2 handfuls or any salad leaves – I used a variety of colorful leaves but arugula and baby spinach would work really well

1½ cups strawberries, chopped or sliced to your liking

1 cup blueberries

½ English cucumber, chopped to half inch quarter cubes

½ red onion, sliced

1 avocado cubed or sliced

½ cup cherry tomatoes, halved

Toasted walnuts for garnish

Mint for garnish

Jars of Goodness Passionfruit Vinaigrette

**Add any other berries you like such as raspberries, golden berries or blackberries – if adding a variety,

adjust the amount of berries being used to your liking.

*Feel free to adjust any ingredients to your liking - this salad is very versatile

Method:

- 1) Chop all your berries and vegetables
- 2) If using salad leaves, place the salad leaves at the bottom of your serving dish
- 3) Add all the ingredients; berries, cucumber, onion, cherry tomatoes and avocado
- 4) Top with mint and walnuts to garnish
- 5) Drizzle the passionfruit vinaigrette over the salad and dig in
